Sexy Rexy

Adopt Me!

Description

Rex is a Jack Russell Terrier who's had a busy life and is looking to enjoy his retirement with someone special.

He is good with children but is happiest getting a cuddle from a gentle and loving adult.

He's still very keen to investigate what's going on in the world but at a gentler pace than he used to. He would be suited to an older person or couple. He will be good with any grandchildren but not with any cats and he would thrive as an only dog!
