Fantastic Raf

Adopt Me!

Description

Raf is a 3 year old Jack Russell x Fox Terrier searching for a loving and very dedicated forever home. Raf is fantastic with children having been around children of all ages since he was little. However unfortunately the children all got bored of him as they became preoccupied with other things and he was left outside by himself. Since being left outside he developed a lot of anxiety. Since being in care his been on anxiety medication & has improved so much! Unfortunately he has never been socialised with other dogs so he would love to find a home were he was the only furkid.

Raf is available for adoption, foster or foster with a view to adopt. We would love to find Raf a home that is committed to showing Raf the love and attention he deserves and craves.
