Perfect Pippa

Adopt Me!

Description

Time to meet the gorgeous Pippa!

Pippa is a very clever pup, she loves all humans big & small. She currently is in foster care with another doggie & a cat which she is very friendly with! She loves playing in the yard with her k9 foster siblings. Pippa loves her ball and will play for ages! She also loves a game of tug of war.

Of an evening Pippa loves to snuggle up on your lap as you watch TV.

Pippa is crate trained but is still working on her house training.

Pippa enjoys the company of people and other dogs and would be best suited to a home with someone is around a lot.
