Mike's Custom Pet Paintings

Design Skills

Description

Welcome to Mike's Artistic Painting!

As a digital Artist, I try to capture the most natural painterly feel to my paintings. I take pride in all my work. I love this type of art, and I'm taking all the steps to capture the emotions my subjects are feeling, and projecting that on to the canvas.

What you need to do next is find that special photo of your pets, or close family member and send that to me and I will create an art masterpiece. I can explain pricing over the email. My prices are still reasonable for everyone. Can't wait to hear from you all!!

Please send me a message and I will get your beautiful painting started!

Thanks

Mike
