Pet Stays: Safe, Professional Pet Sitter, Welcome Inside and on the Way to the Airport

Pet Services

Description

This is my full time job. I am a professional pet sitter and dog walker. I also have an assistant now who assists me due to the demand for my services. I have a love and passion for caring for animals. I offer your pet cuddles, shelter, food and don't say that W--- word WALK. Animals have always been part of my life. I have plenty of backyard space fully fenced and very secure with a self latching gate.

Your pet will be well cared for and comfortable staying with me. You and your family can relax on your holiday or attend to your business requirements knowing your four legged family members are well cared for. Knowing from experience this always reassuring.

You will see I have glowing references and I certainly am reliable and trustworthy. As my location is in Ascot Vale, I am on the way to Melbourne Airport (approximately 20 minutes) and close to Flemington exit and Brunswick Road City Link exits. This makes it super easy for dropping and picking up pets for your next holiday.
